MORE ABOUT

- This 18-acre Project recreated a City Center for the 100-year-old City of Snellville that had lost most, if not all, of its original buildings/structures.
- \$140 million public-private partnership between MidCity Real Estate Partners, CASTO, City of Snellville and Gwinnett County. MidCity and CASTO served as master developers and owners of The Tomlin (multi-family housing) and retail.
- The project centers around “The Grove” symbolic of a Chestnut Oak Grove, where businessmen met in the City of Snellville over 100 years ago, today a Central Park for Snellville, including outdoor tables/chairs, splash pad, pavilion, and a grove of mature trees.
- Nine new buildings plus a 750-space parking deck
- The Grove serves as the destination for the completed 1st Phase of the Snellville Greenway
- Designed as a walkable/sense of place project, over 1,000 parking spaces discreetly serve the project

USES/TENANTS INCLUDE:

- The Tomlin (www.thetomlin.com), 288 luxury apartments, 26 of those units constructed in separate buildings as “townhome” units over retail
